

HERMES SHIP MANAGEMENT

Pvt. Ltd.

OUR COMPANY:

Founded in year 2004, by late Mr. Kulwinder S. Padda Hermes Ship Management Pvt. Ltd. have seen steady growth. Our organization has continued to maintain the high work ethics over the years.

We are basically “One Stop Shop” as we offer a variety of services towards shipping industry. With years of experience in handling various type of shipping related operations/ Assignments, we can safely declare that we have achieved a good professional expertise in our field with continous inprovement.

Mr. Kulwinder S. Padda
Founder

We offer below services:

Technical Management – We provide Complete Technical Management of Various Ship Types. Our technical team provides round the clock support to our vessels.

Crewing Management – We provide well trained and competent Crew on board various Ship Types.

Training – We have our in house training division where the candidates are suitably trained to cater towards the specific requirements of our principals along with basic training.

Surveys and Inspections – We undertake the various safety audits, surveys and pre purchase inspections. We also provide our support during events of cargo damages, third party claims etc.

OUR TEAM :

We have a team of dedicated and experienced EX Masters + EX Chief Engineers who understand the pulse of the shipping market. We provide 24 x 7 support to our clients while dealing through various operations related to vessels. We have a vast experience in managing all type of ships, especially dry bulk, towing tugs and cargo vessels.

We have fully dedicated ISM and Quality cell keeping in mind the ever increasing strict IMO requirements towards safe operations of ships and environmental protection.

We are equipped with fully trained personnel staff who are managing the personnel department. We are well aware that in today's world safeguarding the owners interests is primary objective of any prudent management company. We work towards training our seafaring staff specifically to enhance the know how in commercial aspects of shipping world which ultimately helps the seafaring staff to conduct in improved manner keeping owners interests in mind.

We specialize in coordinating the Hull and Machinery and P and I related matters. We are regularly carrying out the Pre Purchase inspections for various types of vessels and undertake towing & preparations of the tow /towing tug for ocean going towage.

We have fully developed infrastructure which enables us to smoothly carry out the day to day jobs. We have worldwide contacts which assist in seamless operations anywhere in Globe.

We have our in house agency for Mumbai, Kandla, Goa and Vizag ports. We also have excellent links in ship repairs, workshop services etc.

Recently we have launched our "In House Training Division". The aim is to provide a comprehensive training to our candidates based upon the training needs feedback from our managed ships. We are also conducting various value added courses which helps for improving the work rate and efficient running of ships.

We are exclusively conducting a DG Shipping India approved ECDIS course.

Services

Services

CREW MANAGEMENT

Our seafarers are continuously monitored, guided, coached and mentored by our highly trained and experienced Technical and Marine

Superintendents, who bring years of specialist experience to the job and are supported by a capable and robust support infrastructure ashore.

TRADING VESSELS:

The onboard crew is at the forefront of all activities and the key to a vessel's safe and smooth day to day operations.

At Hermes Ship Management Pvt. Ltd.

We understand that crew management is one of the most important factors in running the vessels we manage and we are fully aware that safeguarding these vessels and their owner's interests requires the highly efficient utilization of the crew. We maintain highly qualified, motivated and dedicated seafarers who fulfill the requirements of this Highly Demanding Industry.

TOWAGE SERVICES

We are the operators of all kind of TUGS/OSV/AHTS which can be mobilized within reasonable time. We provide assured service with intentions to give best professional cooperation to our clients/Hirers.

SALVAGE SERVICES

Hermes Ship Management Pvt. Ltd. is a world leader in the non-conventional maritime service covered by marine salvage. Our dedicated teams of experts put their experience to plan to execute the entire operations in successful manner. We further can avail ourselves over our own salvage tugs, ETV's and use tugs from the other Group members or of selected partners.

TECHNICAL MANAGEMENT

It is the policy of Hermes Ship Management Pvt. Ltd. to operate all managed vessels in compliance with Highest safety standards. We ensure that all managed vessels operate in compliance with flag, class & statutory requirements without breakdown & off hires.

We have a team of highly experienced Engineer Suptd. And Master Mariners to manage the Technical and Quality aspects of our system.

We ensure that our managed vessel achieves:

- **Charter Party Requirements without down time**
- **Safe and efficient cargo handling and cargo conditioning.**
- **Planned and project maintenance.**
- **Regular condition assessment, PSC Inspection Preparation.**
- **Dry dock planning and supervision.**
- **Budget control.**
- **Certification and vetting.**

Owners will be able to access reports and data regarding the running of their vessels through an open Book Based Reporting System.

Hermes Ship Management Pvt. Ltd. is thus in the position to provide ship owners with up-to-date information regarding their respective vessel under our management. The aim is to provide the most transparent management system possible for ship-owners requiring the very latest information about their vessels - be it of a technical, crew, accounting or other related nature.

Our Long relations with first-class suppliers, workshops and marine service providers all over the world, ensure that our principals consistently receive reliable and high-quality service at the lowest possible price.

Our highly qualified and capable Marine Commercial Operations Team closely monitor the commercial performance of managed vessels and manage the commercial risks faced by our Principals during the course of employment of their vessels.

VALUE ADDED SERVICES

The purpose of Value Added Services is twofold:

- To offer necessary ancillary services to our fleet under management, as an attractive critical mass is available for certain products & services.
- At the same time, by offering the same products and services to external customers, to enable the company to move up the value chain.

This philosophy allows us to leverage both the power of co-operation across stakeholders and also the cross-selling opportunities that naturally arise.

The Value Added Services group thus comprises all support and associated activities outside but related to the core activity of ship management.

The wide range of products and services that the Value Added Services Group currently offers includes:

- Pre Purchase Inspection
- Chartering & Brokering Services
- Insurance Services
- Port Agencies
- Ship Chandelling
- Ship Spares

Each product or service is delivered by a dedicated team of professionals who are highly specialized and experienced in that particular field.

ECDIS

HERMES SHIP MANAGEMENT PVT. LTD (TRAINING INSTITUTE)

One more feather in the cap of the HERMES GROUP

In line with our traditional qualitative approach, we have installed The State Of Art Equipment for imparting the training in most realistic manner.
